State parks, developed and maintained by the Department of Natural Resources, are located in all sections of Michigan. They exist for the pleasure and outdoor enjoyment of all Michigan residents as well as visitors to the state. Nearly all have campsites for parking a camper or pitching a tent. Most are equipped with sanitary facilities, campsite electrical hookups, showers, picnic areas, beaches and, of course, Michigan's endowment of natural beauty and scenery. To help develop and maintain these parks, motor vehicle entrance permits are sold at all parks. Permits do not guarantee

availability of a campsite or picnic table during peak capacity periods. Annual permits, at a fee of $5.00, allow a vehicle to enter as many state parks as frequently as desired during the year. Daily permits, at a fee of $1.00, allow a vehicle to enter only that park where the permit is purchased and only for that day. Additional fees of $1.00-$3.00 are charged daily for use of a campsite. A special annual permit for $1.00 is available to Michigan resident vehicle owners, who are 65 or older. Such permits may be purchased at most parks.

*Divided highways with all crossroads separated by overpasses and underpasses.

Michigan's 1974 deer population estimated at about 600,000. Deer are each of the State's 83 counties and t cross highways everywhere. During 19 there were more than 9,000 deer-car lisions in Michigan, some of them result in human death.

Michigan's white-tailed deer are exciting picture of beauty and grace in their wooded habitat. On highwa however, they represent possible inju or death. Motorists should slow down mediately when a deer is sighted ahe

MICHIGAN'S HISTORICAL MARKERS

Official State Historical Markers have been placed by the Michigan History Division, Department of State, at nearly 300 historic sites and areas. Commemorated are such points as the arrival of British, French and other groups who helped settle the State missionary activities, forts, waterways, mining, lumbering, historic highways, Lincoln's only public appearance in Michigan and the beginnings or growth of educational institutions, conservation, Great Lakes commerce and the automobile industry. Markers are placed at or near historic sites, in buildings and State and local parks.

WELCOME TO MICHIGAN
THE GREAT LAKE STATE

Michigan, the State that put the world on wheels, has forged a system of highways that can take you swiftly and safely to any of our 11,000 inland lakes as well as 3,126 miles of shoreline bordering five of the six Great Lakes. The technology and resources that gave the automobile to the world, and this excellent system of toll-free highways to Michigan, are now developing an integrated system of total transportation. This map, designed by Michigan's new Department of State Highways and Transportation, provides information on the State's network of highways, railroads, airports and water ports. Visitors and residents will find this map a useful guide in selecting routes and modes of travel, as well as an aid in visiting our many natural resources, historic sites, recreational, educational and cultural centers. Wherever and however you go in Michigan, please exercise care and courtesy — they pay off in safety and friendship.
